

Including user reports from **thyssenkrupp Marine Systems** and **German Naval Yards**

Cost Management in Shipbuilding

Planning, Analysing and Controlling Product Cost

22nd November 2018 in Hamburg, Germany, from 11.00 to 17.00

Topic

Cost Management starts with the proposal and bidding process. Shipbuilding projects have high requirements and specific demands on cost prediction and cost planning.

Event

The information event “Cost Management in Shipbuilding” will offer the opportunity to learn about suitable costing methods. A focus is on the software “CostFact”. This system supports cost planning from early design stages on and combines several advanced methods.

CostFact Background

CostFact was developed particularly for the maritime sector and in close cooperation with some of the leading shipyards, which means that a number of best-practice methods have been incorporated into the system. Several European shipyards rely on CostFact and use it as their central tool for cost estimation and cost planning.

Date and Registration

The event takes place in Hamburg, on 22nd November 2018 from 11.00 to 17.00. Detailed venues will be emailed to registrants. The attendance requires registration by 8th November 2018.

Highlights

- Predict costs based on **Parametric Cost Estimation**.
- Use **Similarity Calculation** for efficient cost planning.
- Determine and achieve **Target Costs**.
- Gain a new cost view by **Capability Costing**.
- Merge the **Specification and Change Orders** with the calculation.
- Calculate **Ship Programs** including non-recurring cost, learning curves, and varying interests.
- Analyse **alternative Production Scenarios**, e.g. inland or abroad.
- Optimise the **Selection of Supplier Quotes**.
- Transfer calculations between **different SWBS-Codes**.
- Assess the **Reliability of Cost Predictions** and calculate the prospective forecast error.
- See how to calculate an **Indication Price** with CostFact **within 4 Hours**.
- Calculate **Life Cycle Cost** with **different Scenarios**.
- Learn about the application of CostFact based on **Practical Examples** and real-world **Case Studies**.

Company

COSTFACT GmbH is the exclusive provider of the shipbuilding-tailored cost management system “CostFact”. Among the clients are some of the most renowned shipbuilders like Fassmer, thyssenkrupp Marine Systems, German Naval Yards, Nobiskrug and Oceanco. Collaborations with Technical University Delft and Technical University Berlin (Department for Design and Operation of Maritime Systems) guarantee the integration of state-of-the-art methodology.

COSTFACT GmbH, Hansaring 82, 50670 Köln, Germany, www.costfact.com
